

Creations Workshop™

Designed for students in grades K - 6

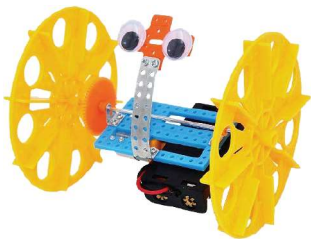

**Tuesdays from 3:35 PM to 4:35 PM (10 weeks)
March 10, 2020 to May 19, 2020**

Our new Creations Workshop empowers children to invent new things and improve existing designs. Using kid-friendly 3D printing pens, easy-to-use design templates and tools, along with premanufactured plastic and electromechanical parts and assemblies, children are provided support and encouragement while developing a variety of creations.

New project starters are introduced every session, and children can take their projects home to share with family and friends.

Create using kid-friendly 3D printing pen technology!

**Coonley
School**

\$189

**Space is limited.
