# Summer Explorers 2019

For children entering grades 1 - 6

June 24 to July 3, 2019

M - F, 9:00 am to 3:15 pm

AfterCare Plus will be available 8:00 - 9:00am and 3:15 - 6:00pm!

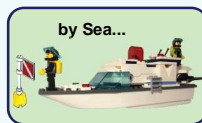

MORNING

## \* Air Land Sea 3D™ 9:00 am to 10:30 am

Use remote controlled drones, jeeps, boats, and special LEGO design tools to rescue the missing paleontologists, round up lost dinosaurs, and get back to the safe zone!

**Build, test, and take home a remote controlled LEGO-compatible jeep or your own custom vehicle!**

This Session's Theme:  
**Jurassic Rescue**

## \* World Explorers™ 10:30 am to 11:45 am

A kid-friendly adventure into the world of dinosaurs! Learn about the different types of dinosaurs and how they lived. Recreate and explore their amazing world!

**Create and take home your own 3D dinosaur world, mini LEGO-compatible dinosaurs, and more!**

This Session's Theme:  
**Once Upon A Dinosaur**

Register today! [www.21stcenturykids.us](http://www.21stcenturykids.us)

AFTERNOON

## \* Lights, Camera, Robot!™ 12:30 pm to 2:00 pm

Build Origami Bots and other fun robots! Code them and use remote control! Create scenery for your robot adventure stories, dances, and battle videos! Then it's time for the green screen!

**Create cool robots and make them movie stars!**

**Build, code, and take home your very own Origami Bot!**

## \* Game Makers™ - 3D Puzzles 2:00 pm to 3:15 pm

Design and build your own 3D puzzles and challenges! Take them home and share with your friends and family!

**Design, build, and take home a LEGO-compatible rubik's cube! Learn 3D puzzle strategies while making your own 3D Snoopy airplane puzzle!**

# Summer Achievers 2019

For children entering grades 1 - 6

July 8 to July 19, 2019

M - F, 9:00 am to 3:15 pm

AfterCare Plus will be available 8:00 - 9:00am and 3:15 - 6:00pm!

MORNING

## \* Smiley Bots™ 9:00 am to 10:30 am

Robotics fun for everyone! Assemble robots and customize them with LEGO bricks! Work with sensors and improve coding skills!

Create kid-friendly robotics technology!  
Coding options for both newbies and advanced coders!

## \* Electro-Mechanical Me!™ 10:30 am to 11:45 am

Learn the basics of electronics and mechanical engineering! Build and test electro-mechanical circuits while having fun!

Create games and a bubble machine!

Build, learn about, and take home your own electro-mechanical rock climbing vehicle!

AFTERNOON

## \* Master Builder Academy™ 12:30 pm to 2:00 pm

### Vehicle Building and Design Challenge

Tips and techniques from LEGO Master Builders help us to design and build new LEGO vehicles!

Learn to use special 3D modeling software to create virtual models of your LEGO vehicles!

Build and take home a LEGO Desert Rally Racer!

Build and take home a marble run and a 2-in-1 arcade game!

## \* Game Makers™ - Arcade 2:00 pm to 3:15 pm

Arcade games are made to be fun for everyone! Learn the secrets of designing and building arcade games as you create your own! After the game is complete, master the game or challenge friends!
